INCOME TAX

Rev. Rul. 2014-23, page 575.

This Revenue Ruling establishes the interest rates on overpayments and underpayments of tax. The rates for interest determined under section 6621 of the code for the calendar quarter beginning October 1, 2014, will be 3 percent for overpayments (2 percent in the case of a corporation), 3 percent for the underpayments, and 5 percent for large corporation underpayments. The rate of interest paid on the portion of a corporation overpayment exceeding \$10,000 will be 0.5 percent.

The IRS Mission

Provide America's taxpayers top-quality service by helping them understand and meet their tax responsibilities and enforce the law with integrity and fairness to all.

Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned

against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

Part I.—1986 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.

This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

Part I. Rulings and Decisions Under the Internal Revenue Code of 1986

Section 61.—Gross Income Defined

26 CFR 1.61-21: Taxation of fringe benefits.

Rev. Rul. 2014-25

For purposes of the taxation of fringe benefits under section 61 of the Internal Revenue Code, section 1.61–21(g) of the

Income Tax Regulations provides a rule for valuing noncommercial flights on employer-provided aircraft. Section 1.61–21(g)(5) provides an aircraft valuation formula to determine the value of such flights. The value of a flight is determined under the base aircraft valuation formula (also known as the Standard Industry Fare Level formula or SIFL) by multiplying the SIFL cents-per-mile rates applicable for

the period during which the flight was taken by the appropriate aircraft multiple provided in section 1.61–21(g)(7) and then adding the applicable terminal charge. The SIFL cents-per-mile rates in the formula and the terminal charge are calculated by the Department of Transportation and are reviewed semi-annually.

The following chart sets forth the terminal charge and SIFL mileage rates:

Period During Which the Flight Is Taken 7/1/14-12/31/14

Terminal Charge \$46.25 SIFL Mileage Rates

Up to 500 miles = \$.2530 per mile 501–1500 miles = \$.1929 per mile Over 1500 miles = \$.1855 per mile

Section 3402.—Voluntary Withholding Agreements

26 CFR 3402(p): Income tax withholding under a voluntary withholding agreement.

TD 9692

DEPARTMENT OF THE TREASURY Internal Revenue Service 26 CFR Part 31

Authority for Voluntary Withholding on Other Payments

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations and removal of temporary regulations.

SUMMARY: This document contains final regulations under section 3402(p) of the Internal Revenue Code (Code) relating to voluntary withholding agreements. The final regulations allow the Secretary to issue guidance in the Internal Revenue Bulletin to describe payments for which the Secretary finds that income tax withholding under a voluntary withholding agreement would be appropriate. The regulations affect persons making and persons receiving payments for which the IRS issues subsequent guidance authorizing the parties to enter into voluntary withholding agreements.

DATES: *Effective Date*: These regulations are effective on September 16, 2014. *Applicability date*: For date of applicability, see § 31.3402(p)–1(d).

FOR FURTHER INFORMATION CONTACT: Linda L. Conway-Hataloski at (202) 317-6798 (not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

This document contains amendments to 26 CFR part 31 under section 3402(p) of the Code. On November 29, 2013, Treasury and the IRS published in the **Federal Register** temporary regulations (TD 9646) at 78 FR 71476 and a notice of

proposed rulemaking by cross-reference to temporary regulations (REG-146620–13, 78 FR 71542) under section 3402(p) of the Code relating to voluntary withholding.

Two written comments responding to the notice of proposed rulemaking were received but neither comment addressed issues relevant to the notice of proposed rulemaking or the temporary regulations. No public hearing was requested or held. Accordingly, the proposed regulations (which cross referenced the temporary regulations) are adopted without change as final regulations.

Explanation of Provisions

These final regulations under section 31.3402(p)–1 adopt without change the proposed regulations and the temporary regulations that allow the Secretary to describe other payments subject to voluntary withholding agreements in guidance published in the Internal Revenue Bulletin (IRB). Similarly to the proposed and the temporary regulations, these final regulations also provide that the IRB guidance will set forth requirements regarding the form and duration of the voluntary withholding agreement specific to the type of payment from which withholding is authorized.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations, and because the regulations do not impose a collection of information on small entities, the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply. Pursuant to section 7805(f) of the Code, these regulations have been submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business, and no comments were received.

Drafting Information

The principal author of these regulations is Linda L. Conway-Hataloski, Office of Division Counsel/Associate Chief Counsel (Tax Exempt and Government Entities). However, personnel from other offices of the IRS and Treasury participated in their development.

Adoption of Amendments to the Regulations

Accordingly, 26 CFR part 31 is amended as follows:

PART 31—EMPLOYMENT TAXES AND COLLECTION OF INCOME TAX AT SOURCE

Paragraph 1. The authority citation for part 31 continues to read in part as follows:

Authority: 26 U.S.C. 7805 * * * Par. 2. Section 31.3402(p)-1 is amended by:

- 1. Revising the headings of paragraphs (a) and (b).
- 2. Removing the language "3402(b)" in the first sentence and "3402(p)" in the third sentence of paragraph (a) and "3402(p)" in the five places that it appears in paragraph (b) and adding "3402(p)(3)(A)" in those places.
 - 3. Adding paragraphs (c) and (d).

The revisions and additions read as follows:

§ 31.3402(p)–1 Voluntary Withholding Agreements.

- (a) Employer-employee agreement. * * * * * * * *
- (b) Form and duration of employeremployee agreement. * * *

* * * * *

- (c) Other payments. The Secretary may issue guidance by publication in the Internal Revenue Bulletin (IRB) (which will be available at www.IRS.gov) describing other payments for which withholding under a voluntary withholding agreement would be appropriate and authorizing payors to agree to withhold income tax on such payments if requested by the payee. Requirements regarding the form and duration of voluntary withholding agreements authorized by this paragraph (c) will be provided in the IRB guidance issued regarding specific types of payments.
- (d) Effective/applicability date. (1) This section applies on and after September 16, 2014.

Par. 3. Section 31.3402(p)–1T is removed. **31.3402(p)–1T [Removed].**

John Dalrymple Deputy Commissioner for Services and Enforcement.

Approved September 8, 2014.

Mark J. Mazur Assistant Secretary of the Treasury (Tax Policy).

(Filed by the Office of the Federal Register on September 15, 2014, 8:45 a.m., and published in the issue of the Federal Register for September 16, 2014, 79 F.R. 55362)

Section 6621.— Determination of Rate of Interest

26 CFR 301.6621–1: Interest rate.

Rev. Rul. 2014-23

Section 6621 of the Internal Revenue Code establishes the interest rates on overpayments and underpayments of tax. Under section 6621(a)(1), the overpayment rate is the sum of the federal short-term rate plus 3 percentage points (2 percentage points in the case of a corporation), except the rate for the portion of a corporate overpayment of tax exceeding \$10,000 for a taxable period is the sum of the federal short-term rate plus 0.5 of a percentage point. Under section 6621(a)(2), the underpayment rate is the sum of the federal short-term rate plus 3 percentage points.

Section 6621(c) provides that for purposes of interest payable under section 6601 on any large corporate underpayment, the underpayment rate under section 6621(a)(2) is determined by substituting "5 percentage points" for "3 percentage points."

See section 6621(c) and section 301.6621–3 of the Regulations on Procedure and Administration for the definition of a large corporate underpayment and for the rules for determining the applicable date. Section 6621(c) and section 301.6621–3 are generally effective for periods after December 31, 1990.

Section 6621(b)(1) provides that the Secretary will determine the federal shortterm rate for the first month in each calendar quarter. Section 6621(b)(2)(A) provides that the federal short-term rate determined under section 6621(b)(1) for any month applies during the first calendar quarter beginning after that month. Section 6621(b)(3) provides that the federal short-term rate for any month is the federal short-term rate determined during that month by the Secretary in accordance with section 1274(d), rounded to the nearest full percent (or, if a multiple of 1/2 of 1 percent, the rate is increased to the next highest full percent).

Notice 88–59, 1988–1 C.B. 546, announced that in determining the quarterly interest rates to be used for overpayments and underpayments of tax under section 6621, the Internal Revenue Service will use the federal short-term rate based on daily compounding because that rate is most consistent with section 6621 which, pursuant to section 6622, is subject to daily compounding.

The federal short-term rate determined in accordance with section 1274(d) during July 2014 is the rate published in Revenue Ruling 2014–19, 2014–32 IRB 266 to take

effect beginning August 1, 2014. The federal short-term rate, rounded to the nearest full percent, based on daily compounding determined during the month of July 2014 is 0 percent. Accordingly, an overpayment rate of 3 percent (2 percent in the case of a corporation) and an underpayment rate of 3 percent are established for the calendar quarter beginning October 1, 2014. The overpayment rate for the portion of a corporate overpayment exceeding \$10,000 for the calendar quarter beginning October 1, 2014, is 0.5 percent. The underpayment rate for large corporate underpayments for the calendar quarter beginning October 1, 2014, is

5 percent. These rates apply to amounts bearing interest during that calendar quarter.

The 3 percent rate also applies to estimated tax underpayments for the fourth calendar quarter in 2014.

Interest factors for daily compound interest for annual rates of 0.5 percent are published in Appendix A of this Revenue Ruling. Interest factors for daily compound interest for annual rates of 2 percent, 3 percent and 5 percent are published in Tables 9, 11, and 15 of Rev. Proc. 95–17, 1995–1 C.B. 563, 565, and 569.

Annual interest rates to be compounded daily pursuant to section 6622 that apply for prior periods are set forth in the tables accompanying this revenue ruling.

Update for Weighted Average Interest Rates, Yield Curves, and Segment Rates

Notice 2014-50

This notice provides guidance on the corporate bond monthly yield curve, the corresponding spot segment rates used under § 417(e)(3), and the 24-month average segment rates under § 430(h)(2) of the Internal Revenue Code. In addition, this notice provides guidance as to the interest rate on 30-year Treasury securities under § 417(e)(3)(A)(ii)(II) as in effect for plan years beginning before 2008 and the 30-year Treasury weighted average rate under § 431(c)(6)(E)(ii)(I). The rates in this notice reflect the application of § 430(h)(2)(C)(iv), which was added by the Moving Ahead for Progress in the 21st Century Act, Public Law 112-141 (MAP-21) and amended by section 2003 of the Highway and Transportation Funding Act of 2014, Public Law 113-159 (HATFA).

YIELD CURVE AND SEGMENT RATES

Generally, except for certain plans under sections 104 and 105 of the Pension Protection Act of 2006 and CSEC plans under § 414(y), § 430 of the Code specifies the minimum funding requirements that apply to single-employer plans pursuant to § 412. Section 430(h)(2) specifies the interest rates that must be used to determine a plan's target normal cost and funding target. Un-

der this provision, present value is generally determined using three 24-month average interest rates ("segment rates"), each of which applies to cash flows during specified periods. To the extent provided under § 430(h)(2)(C)(iv), these segment rates are adjusted by the applicable percentage of the 25-year average segment rates for the period ending September 30 of the year preceding the calendar year in which the plan year begins. However, an election be made under may $\S 430(h)(2)(D)(ii)$ to use the monthly yield curve in place of the segment rates.

Notice 2007–81, 2007–44 I.R.B. 899, provides guidelines for determining the monthly corporate bond yield curve, and the 24-month average corporate bond segment rates used to compute the target normal cost and the funding target. In accordance with the methodology specified in Notice 2007–81, the monthly corporate bond yield curve derived from August 2014 data is in Table I at the end of this notice. The spot first, second, and third segment rates for the month of August 2014 are, respectively, 1.24, 3.86, and 4.96.

The 24-month average segment rates determined under § 430(h)(2)(C)(i) through (iii) must be adjusted pursuant to § 430(h)(2)(C)(iv) by the applicable percentage of the corresponding 25-year average segment rates. Section 2003(a) of HATFA amended the applicable percentages under § 430(h)(2)(C)(iv). This change generally applies to plan years beginning on or after January 1, 2013. However, pursuant to section 2003(e)(2) of HATFA, a plan sponsor can elect not to have the amendments made to the applicable percentages by section 2003 of

HATFA apply to any plan year beginning in 2013. These elections can be made either for all purposes or, alternatively, for purposes of determining the adjusted funding target attainment percentage under § 436. The 25-year average segment rates for plan years beginning in 2012. 2013, and 2014 were published in Notice 2012-55, 2012-36 I.R.B. 332, Notice 2013-11, 2013-11 I.R.B. 610, and Notice 2013-58, 2013-40 I.R.B. 294, respectively. For plan years beginning in 2015, based on the segment rates applicable for October 1989 to September 2014, the 25year averages for the period ending September 30, 2014, of the first, second, and third segment rates are 5.24, 6.79, and 7.57 percent, respectively.

For plan years beginning in years 2012 through 2017, pursuant to the changes made by HATFA, the applicable minimum percentage is 90% and the applicable maximum percentage is 110%. These applicable percentages are referred to as HATFA applicable percentages. As described in the preceding paragraph, a special election is available for any plan year beginning in 2013 under which this change made by HATFA can be disregarded for all purposes or for limited purposes. To the extent such an election is made, the applicable minimum percentage for a plan year beginning in 2013 is 85% and the applicable maximum percentage for that plan year is 115%. These applicable percentages are referred to as MAP-21 applicable percentages.

The three 24-month average corporate bond segment rates applicable for September 2014 without adjustment for the 25-year average segment rate limits are as follows:

Applicable	First	Second	Third
Month	Segment	Segment	Segment
September 2014	1.15	4.06	5.15

Based on § 430(h)(2)(C)(iv) as amended by section 2003 of HATFA, the 24-month averages applicable for September 2014 adjusted for the HATFA applicable percentages of the corresponding

25-year average segment rates, are as follows:

For Plan Years Beginning			Adjusted 24-Month Average Segment Rates, Based on the HATFA Applicable Percentage of 25-Year Average Rates				
In			First Segment	Second Segment	Third Segment		
2013	September	2014	5.23	6.51	7.16		
2014	September	2014	4.99	6.32	6.99		
2015	September	2014	4.72	6.11	6.81		

Based on § 430(h)(2)(C)(iv) as in effect prior to amendment by section 2003 of HATFA, the three 24-month averages

applicable for September 2014 adjusted for the MAP-21 applicable percentages of the corresponding 25-year average seg-

ment rates, for plan years beginning in 2013, are as follows:

For Plan Years Beginning			Adjusted 24-Month Average Segment Rates, Based on MAP-21 Applicable Percentage of 25-Year Average Rates			
In	Applicable Month		First Segment	Second Segment	Third Segment	
2013	September	2014	4.94	6.15	6.76	

30-YEAR TREASURY SECURITIES INTEREST RATES

Generally, for plan years beginning after 2007, § 431 specifies the minimum funding requirements that apply to multiemployer plans pursuant to § 412. Section 431(c)(6)(B) specifies a minimum amount for the full-funding limitation described in section 431(c)(6)(A), based on the plan's current liability. Section 431(c)(6)(E)(ii)(I) provides that the inter-

est rate used to calculate current liability for this purpose must be no more than 5 percent above and no more than 10 percent below the weighted average of the rates of interest on 30-year Treasury securities during the four-year period ending on the last day before the beginning of the plan year. Notice 88–73, 1988–2 C.B. 383, provides guidelines for determining the weighted average interest rate. The rate of interest on 30-year Treasury securities for August 2014 is 3.20 percent. The

Service has determined this rate as the average of the daily determinations of yield on the 30-year Treasury bond maturing in May 2044 determined each day through August 13, 2014, and the yield on the 30-year Treasury bond maturing in August 2044 determined each day for the balance of the month. The following rates were determined for plan years beginning in the month shown below.

	For Plan Years Beginning in		Permissible Range		
Month	Year	Weighted Average	90%	to	105%
September	2014	3.40	3.06		3.57

MINIMUM PRESENT VALUE SEGMENT RATES

In general, the applicable interest rates under § 417(e)(3)(D) are segment rates

computed without regard to a 24-month average. Notice 2007–81 provides guidelines for determining the minimum present value segment rates. Pursuant to that notice, the minimum present value seg-

ment rates determined for August 2014 are as follows:

First	Second	Third
Segment	Segment	Segment
1.24	3.86	4.96

Section 1298(f) Reporting Requirements for U.S. Persons that Hold Stock of a Passive Foreign Investment Company that is Marked to Market Under Section 475 or Another Chapter 1 Code Provision Other Than Section 1296

SECTION 1. PURPOSE

Notice 2014-51

This notice announces that the Department of the Treasury (Treasury Department) and the Internal Revenue Service (IRS) will amend the regulations under section 1298(f) of the Internal Revenue Code (Code) to provide guidance concerning United States persons (U.S. persons) that hold stock of a passive foreign investment company within the meaning of section 1297(a) (PFIC) that is marked to market under section 475 or another chapter 1 Code provision other than section 1296.

SECTION 2. BACKGROUND

.01 Sections 1291 Through 1298

Sections 1291 through 1298 set forth three tax regimes for shareholders that own stock of a PFIC: (i) the excess distribution rules under section 1291; (ii) the qualified electing fund (QEF) rules under section 1293; and (iii) the mark to market rules under section 1296, which apply when an election under section 1296(k) is in effect.

Section 1298(f) provides that, except as otherwise provided by the Secretary, a U.S. person that is a shareholder of a PFIC must file an annual report containing the information required by the Secretary. Section 1.1298-1T sets forth the annual information reporting requirements for PFIC shareholders. Annual information reports of PFIC shareholders are provided on Form 8621, "Information Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund." Under section 6501(c)(8), the period of limitation for assessment of tax with respect to periods for which reporting is required under section 1298(f) will

not expire before three years after the date on which the IRS receives Form 8621 for the taxable year.

.02 PFIC Stock Marked to Market Under Section 475 or Another Chapter 1 Code Provision Other than Section 1296

Section 1291(d)(1) provides that, subject to the coordination rules provided in section 1296(j), section 1291 does not apply if an election under section 1296(k) is in effect for the taxpayer's taxable year. Section 1291(d)(1) further provides that, subject to coordination rules similar to the rules of section 1296(j), section 1291 also does not apply in the case of PFIC stock that is marked to market under any other provision of chapter 1 of the Code (a non-section 1296 MTM regime), including section 475. The regulations under section 1291 incorporate these rules, provide guidance on the coordination rules, and clarify that the section 1291(d)(1) rule applies with respect to a non-section 1296 MTM regime regardless of whether the applicable mark to market regime is mandatory or elective. § 1.1291-1(c)(4). The coordination rule relevant to a non-section 1296 MTM regime applies to the first taxable year in which a U.S. person marks to market the PFIC stock if, during the U.S. person's holding period (as defined in section 1291(a)(3)(A) and § 1.1296-1(f)), the foreign corporation was a PFIC for any taxable year prior to such first taxable year and the corporation was not treated as a QEF with respect to the U.S. person. Section 1291(d)(1) and § 1.1291-1(c)(4)(ii). Subject to this coordination rule, U.S. persons that hold PFIC stock that has been marked to market under a non-section 1296 MTM regime are not subject to tax under any of the PFIC regimes. See also §§ 1.1295-1(i)(3) and 1.1296-1(h)(3).

For example, in cases in which a U.S. person properly marks to market under section 475 its PFIC stock in the first year and each succeeding year that it holds the stock, the U.S. person will not be subject to any of the PFIC regimes with respect to the stock. Rather, the U.S. person will be required to report any gain with respect to the PFIC stock under the rules of section 475. However, a U.S. person that is subject to section 475 (either because the U.S. person is a dealer in securities under sec-

tion 475 or has made a valid and timely election under section 475(f)) may not be required under section 475 to mark to market certain stock, such as stock that it holds for investment or as a hedge. See section 475(b)(1)(A) and (C). A U.S. person will be subject to tax under the PFIC regimes with respect to any PFIC stock that is not marked to market under a non-section 1296 MTM regime.

.03 Section 1298(f) Information Reporting Regulations

On December 31, 2013, the Treasury Department and the IRS published temporary and proposed regulations under sections 1291 and 1298 (2014–3 I.R.B. 394), which included guidance under section 1298(f) on the annual filing requirements for shareholders of PFICs. § 1.1298–1T. The regulations generally are effective for taxable years of shareholders ending on or after December 31, 2013. § 1.1298–1T(h).

Under § 1.1298–1T(b), a U.S. person that directly owns stock in a PFIC or that is an indirect shareholder of a PFIC generally is required to file a Form 8621. Section 1.1298–1T(b) provides certain exceptions from the information reporting requirements, including an exception that can apply when the aggregate value of PFIC stock held by a shareholder is less than a specified threshold. §§ 1.1298–1T(c)(2)(i)(A)(I) and 1.1298–1T(c)(2)(iii).

The § 1.1298–1T regulations do not provide an exception from the information reporting requirements for shareholders of PFIC stock that is marked to market under a non-section 1296 MTM regime. Thus, a U.S. person that owns PFIC stock that is marked to market under a non-section 1296 MTM regime is subject to the generally applicable rules in § 1.1298–1T that apply to direct and indirect shareholders that own PFIC stock.

SECTION 3. SECTION 1298(f) INFORMATION REPORTING FOR U.S. PERSONS THAT OWN AN INTEREST IN A PFIC THAT IS MARKED TO MARKET UNDER A NON-SECTION 1296 MTM REGIME

The Treasury Department and the IRS have determined that a U.S. person that holds PFIC stock that is marked to market under a non-section 1296 MTM regime

generally should not be subject to the reporting requirements of § 1.1298-1T with respect to that stock. Accordingly, the Treasury Department and the IRS will amend § 1.1298-1T to provide an exception from the reporting requirements of § 1.1298-1T for a U.S. person with respect to PFIC stock that is marked to market under a non-section 1296 MTM regime, except that the exception will not be available for a taxable year in which the U.S. person is required to apply the rules of section 1291 with respect to the PFIC stock pursuant to the coordination rules in § 1.1291-1(c)(4)(ii). The exception from the reporting requirements of § 1.1298-1T will not be available to the extent PFIC stock held by a U.S. person is not in fact marked to market for any reason, including, for example, because it is treated as held for investment or as a hedge under section 475. In addition, the regulations will be revised to provide that a shareholder that is not subject to section 1298(f) information reporting with respect to PFIC stock that is marked to market under a non-section 1296 MTM regime is not required to take the value of the stock into account for purposes of determining whether it exceeds the relevant threshold under § 1.1298–1T(c)(2)(i)(A)(1) or § 1.1298–1T(c)(2)(iii).

If a U.S. person is not subject to the reporting requirements of section 1298(f) with respect to PFIC stock for a taxable year pursuant to the regulations, the failure to furnish Form 8621 with respect to the PFIC stock does not result in the extension of the period of limitation for the taxable year under section 6501(c)(8). Accordingly, the IRS will not assert that the period of limitation is extended for any taxable year of any shareholder of PFIC stock that appropriately relies on the rules described in this notice prior to the issuance of final regulations.

SECTION 4. EFFECTIVE DATE

Shareholders may rely on the rules described in Section 3 of this notice for their taxable years ending on or after December 31, 2013. The provisions of the future final regulations incorporating the guidance described in Section 3 of this notice will be effective for taxable years of shareholders ending on or after December 31, 2013.

SECTION 5. DRAFTING INFORMATION

The principal author of this notice is Rose E. Jenkins of the Office of Associate Chief Counsel (International). For further information regarding this notice contact Rose E. Jenkins at (202) 317-6934 (not a toll-free number).

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A

and B, the prior ruling is modified because it corrects a published position. (Compare with amplified and *clarified*, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the sub-

stance of a prior ruling, a combination of terms is used. For example, modified and *superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
